TODAY'S TIP

Great time saving news!

Second Lien bond loans with a 0% interest rate will no longer require a quote through program finder prior to sending initial disclosures. The hard stop requiring the loan to be quoted before disclosing has been removed. The first lien must still be quoted through Program Finder and the second lien must be locked prior to closing. Any second liens with a greater than zero interest rate must still be quoted. Example of an Encompass second lien that does not need to be quoted. Must be a Second lien, must have a 0.00% interest rate and not locked.
